

# Containerized BESS

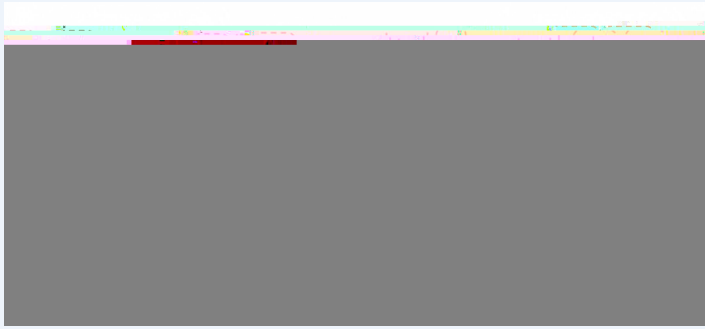

Model: ZGF-CL-7.5-10

PCS+Boosting System

Battery System

## Energy Storage Converter Circuit Block Diagram

## Features

- High Power Density
- High Efficiency
- High Reliability
- High Safety
- High Performance
- High Accuracy
- High Precision
- High Stability
- High Durability
- High Flexibility
- High Scalability
- High Expandability
- High Adaptability
- High Compatibility
- High Interoperability
- High Integration
- High Modularity
- High Reconfigurability
- High Upgradability
- High Maintainability
- High Serviceability
- High Supportability
- High Reliability
- High Availability
- High Performance
- High Accuracy
- High Precision
- High Stability
- High Durability
- High Flexibility
- High Scalability
- High Expandability
- High Adaptability
- High Compatibility
- High Interoperability
- High Integration
- High Modularity
- High Reconfigurability
- High Upgradability
- High Maintainability
- High Serviceability
- High Supportability
